# \*ROCovery Day of Quality Overview

## Mission

ROCovery Fitness is a supportive community of physically active individuals brought together by sober living, committed to creating an environment of healing and recovery. Members, friends and families are empowered to discover their inner strength and confidence through adventure, fun and camaraderie.

## CORE Values

Hope, Respect, Community, Collaboration, Acceptance, Integrity, Encouragement

# \* ROCovery Day of Quality Overview

- \* The day is modeled after United Way's Day of Caring the Day of Quality is held on a specific day in the fall of each year and is a time when process excellence professionals from organizations all over the greater Rochester area work with not-for-profit organizations and small businesses to help improve a key operational processes.

# \*ROCover Day of Quality Overview

## GRQC Day of Quality Project ROCover – Volunteer Process

### Opportunity

- Streamline the process for volunteer on boarding and in-processing for the leaders by reducing the cycle time

### Improvement

- Volunteer Survey to understand their perspectives and values
- Develop process map to allow others to visualize the steps

ROCover Volunteer Training Matrix

Volunteer Name	Training Status	Training Date	Training Location	Training Duration	Training Cost	Training Type
John Doe	Completed	10/15/2021	ROCover HQ	2 Hours	\$0	Volunteer Training
Jane Smith	In Progress	10/20/2021	ROCover HQ	1 Hour	\$0	Volunteer Training
Mike Johnson	Not Started					Volunteer Training

### Impact

- Allows the leaders to understand what works and motivates it's volunteers
- Make the process visual and repeatable for everyone to follow

### Tools Utilized

- Voice of the customer - Survey
- Process Map
- Training Matrix
- PDCA Training
- Iceberg Culture

# What is the AS9100 Aerospace Standard

- \* AS9100 is the international Quality Management System standard for the Aviation, Space and Defense (AS&D) industry
- \* Created by the Aerospace Quality Group (IAQG) whose members represent companies that carry out the design, development, manufacture and support of original equipment at system and sub-system for
  - \* Aviation and space products (including platforms and systems) and services
  - \* Land and Sea-based systems for defense applications

# AS9100 overview

- \* 1. Scope
- \* 2. Normative
- \* 3. Terms and definitions
- \* 4. Context of the organization
- \* 5. Leadership references
- \* 6. Planning
- \* 7. Support \*
- \* 8. Operation
- \* 9. Performance evaluation
- \* 10. Improvement\*

# Key areas of standard for empowering volunteers

- \* 7.3 Awareness

Do volunteers know why?

- \* 7.2 Competence

Do volunteers know how?

- \* 10.3 Continual Improvement

Did the “improvements” work?

# 7.2 Competence (paraphrased)

The organization shall:

- a. determine what people need to know, and know how to do, to influence performance and effectiveness of the organization;
- b. ensure that people know what they need to know, and can do what they need to do, via appropriate education, training, or experience;
- c. When necessary, take actions to improve skills and knowledge, and evaluate the effectiveness of the actions taken;
- d. Keep records of people skills and knowledge.

***NOTE: Skills and knowledge should be reviewed from time to time.***

# 7.3 Awareness (paraphrased)

The organization shall ensure that volunteers and employees are aware of the following:

- a. the mission and vision;
- b. key objectives;
- c. their work influences the organization;
- d. the problems of not following the established processes;
- e. changes relevant to their job in to organization;**
- f. their work influences the product or service;**
- g. their work influences safety;**
- h. the importance of ethical behavior.**

# 10.3 Continual Improvement (paraphrased)

The organization shall continually improve the performance, and effectiveness, of its processes.

The organization shall analyze results to determine needs and opportunities to be addressed with continual improvement.

***The organization shall check to see if improvement actions are successful.***
